

How To Receive Your Earnings

Set up your commission payment preferences page

One of the first things you need to do as soon as you register as a Clubshop affiliate is to let us know how you want to receive your earnings.

It would help if you did so from your [Dashboard](#) > Menu Personal > Commission Payment Preference.

Remember that we typically pay all payable commissions (above the \$10 threshold) within the 20th of the following month and only if you have set up your commission payment preferences, as shown in this video, before the end of the month.

For example: let's say on March 31st, the balance of your Payable Commissions is \$24.95, and you have set up your commission payment preferences before that date.

Perfect! You will receive your earnings before April 21st.

Both conditions must exist to receive your commissions. If

not, we report all existing commissions to the following month.

SETUP YOUR CONTACT INFO CORRECTLY: in the first step of your commission payment preferences setup, you need to provide at least one preferred contact method. You have the following options available: Skype, Telegram, Facebook, Whatsapp.

Whatever contact you provide, make sure you include exclusive your username without adding anything else. For example, if on Facebook, you are "Johndoe," you must type in the Facebook contact file only – johndoe – and not <https://www.facebook.com/johndoe>.

The same principle is valid for Skype and Telegram contacts.

For Whatsapp, you need to type your mobile phone number correctly.

INSTANT COMMISSIONS PAYMENT

This is a great and unique feature that we just added to your GPS! We know you'll love it!

In fact, now we can pay you certain types of commissions instantly!

These are the kind of commissions that we can pay instantly when the required conditions exist:

- Fast Start Bonus.
- Hyper-Duplication Bonus.
- Second Phase Bonus.
- Six generation-GPS Renewals Commission

It means you don't have to wait the monthly payment day to receive these earnings because we pay you right after they are generated.

NOTE: we'll keep paying monthly the cashback and the payable

commissions you earn from sales generated by your Clubshop Mall's stores.

This happens only when the following conditions exist:

1. You have paid your GPS with Bitcoin.
 2. The GPS subscriber that originated that commission also paid GPS with Bitcoin.
 3. You have filled your commissions' payment preferences page with a valid Bitcoin address.
- The commissions' types that are not paid instantly are paid monthly as usual.
 - If even just one of the three conditions listed above doesn't exist, no commission can be paid instantly. You will receive them monthly as usual.
