

The 30-Day Trial Partner Program

Immediately after the registration as a Clubshop Affiliate, the system invite you (and all your incoming affiliates) to start your 30-Day Trial Partner Program.

This step is the second one of the three essential steps of the Clubshop business funnel.

Why is this step so important?

For several reasons!

First, we designed this program because 100% of people who know this business are enthusiastic about it.

So, on the one hand, our need was to allow people to see with their eyes the entire business-building process at work.

We know people need to understand the process entirely, to be aware of its vast income potential.

They need to get rid of all fears and skepticism they could have due to any reason.

On the other hand, we needed to speed up the entire process, usually slowed down by the typical destructive attitude to procrastinate that we all have.

The latter is a paradox. Everybody wants to make money rapidly and expect the other ones to make a decision quickly.

But when we are the ones who should jump into action with determination, we hesitate, procrastinate and never take the

first step.

The result? It's what we are and what we have today.

If we're happy with that, it's okay.

If we're not and want to get better results, we need to change our mindset, attitude, and actions. Otherwise, we'll keep getting the same results over and over again.

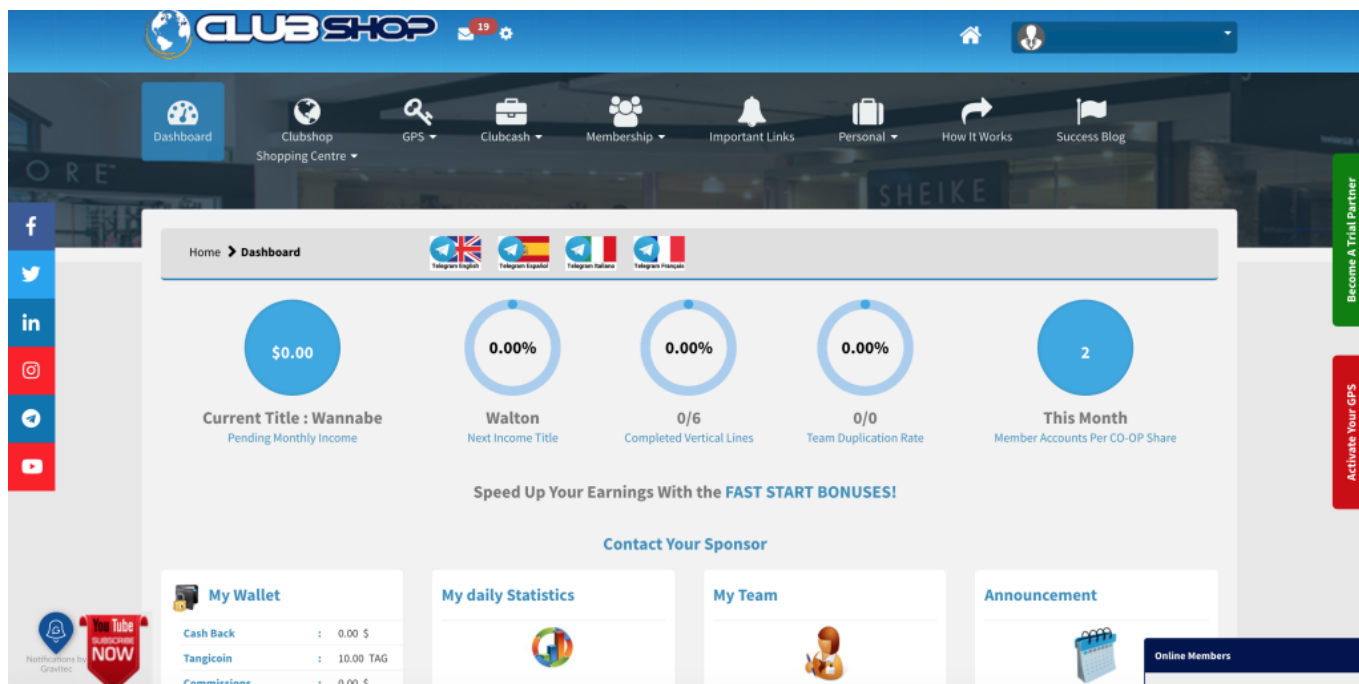

Well, we designed the 30-Day Trial Program even to overcome this destructive attitude based on procrastination. It rewards first of all the most reactive and determined people.

It forces you to jump into action without wasting too much time. But still, it gives you all the time people need to make a conscious decision about starting or not their Clubshop Business.

The video in this lesson explains in detail the 30-Day Trial Program.

Observe it and, if you don't understand something, post your questions here in the Q&A section.

How to activate your 30-Day Trial in three easy steps.

1. Click the green button you see on the right-hand side of [your Affiliate Dashboard](#) (like shown in the image above).
2. Learn all the information available on the [Trial Program page](#), including the video to determine the kind of GPS you want for your trial program.
3. Start your Trial by clicking the button which corresponds to the GPS you want to try.

What is going to happen during your Trial Program?

Your business can start growing and producing pending commissions for you automatically.

You can see everything in real-time and, familiar with your Trial Partner Control Center as well as the GPS Dashboard. You can even use all the GPS tools included in your Trial type.

If you confirm your GPS during the Trial period, you retain all you see in your reports, vertical line of Trial Partners, Team Pool, and Pending Commissions.

But, if your fellow co-sponsors or your Trial Partners confirm their GPS before you, you lose part or all of your commissions and team.

In your Trial Partner Control Center you have all the counters, indicators, and reports you need. You can easily see how your team and pending income are growing or shrinking day by day.

The faster you confirm your GPS, the lower the risk of losing everything.

Once you have confirmed your GPS, each time one of your existing or incoming Trial Partners confirms their GPS, your “pending” commissions become instantly “payable” commissions.

BEAR IN MIND: while you are in the Trial Period, you can't confirm a GPS Type inferior to the one that you are trying. If you do that, your GPS cannot be activated, and your payment will be sent back after a few days.

Please watch the video below for a more detailed explanation about every aspect of the 30-Day FREE GPS Trial, please watch the video below.
