

The Earn While You Learn Program (EWYL)

Note: This program ended on August 31st, 2023.

FACTS:

1. **99.9%** of people who know every aspect of the Clubshop business love it.
2. **99.9%** of people not happy about the Clubshop business have never taken the time to understand how it works comprehensively.

In light of the facts expressed above, we consider it essential to encourage Clubshop members to broaden their knowledge of our business by investing in their training.

For this reason, we have decided to invest in the **“Earn While You Learn”** program. Thanks to it, every action that increases one’s awareness allows Clubshop members to earn valuable Tangicoin.

Even if earning all these Tangicoin so quickly is an excellent incentive for everybody, the real aim of this program is to **allow you to get the necessary education you need to become rich** through [your GPS business](#).
