

What if I'm not a VIP and one of my personally sponsored members become VIP?

What if I'm not a VIP and one of my personally sponsored members become VIP?

As you are not a VIP, you are in the TNT Global Market but not in the VIP Plan.

Consequently, your personally sponsored member who qualifies as a VIP thanks to their GPS subscription will get their new place in the VIP plan as a Personally Sponsored VIP of your original sponsor if they're already VIP.

If your original sponsor is not a VIP either, the newly upgrade VIP will become PQ of the first sponsor upline already qualified as a VIP.

Anyway nothing changes in your TNT Free Global Market. You will still keep you personally sponsored member in your Global Market even as a VIP. Which is absolutely great!

Why?

Because as VIP they will contribute even more in expanding your TNT Free Global Market because all the Shopper Members they generate as VIP will be part of your Market.

To understand more how powerful this TNT aspect is, please see the lesson linked below.
