

Inactive Shoppers And The Big Pool

The Big Pool

As outlined in the Compensation Plan, Shoppers become eligible for commissions on all their commissionable TNT Global Market when they make at least one confirmed purchase to earn cashback in any of the Clubshop Mall's online or offline stores.

The Stand-by Status

Prior to meeting this qualification, Shoppers are in a stand-by status and are not eligible to earn any commissions. These commissions will roll up to the first Active Shopper Member in their upline.

The Inactive Status

If Shoppers remain inactive for more than 90 days, they are removed from their vertical line and placed into their Original Sponsor's "Big Pool," where all inactive Shoppers from all vertical lines under the same original sponsor are also placed. While it's called the 'Big Pool,' the goal is to keep it as small as possible! ☐ Ideally, it should be empty.
