

Local Shopping Guide: Registering Offline Purchases

fe-Commerce local program is about to start.

As we prepare to reintroduce the Clubshop fe-Commerce local program, get ready to explore millions of local businesses that offer substantial Cashback rewards!

Locating Local Businesses: Soon, businesses participating in our program will be easily identifiable through a specialized directory and integrated Google Map. This functionality ensures seamless access to rewarding local shopping experiences.

Registration Process for Offline Transactions:

As simple as saying hello: scan the store's QR Code, input your amount, and the clerk validates!

Registering offline transactions is a simple process:

1. Scan the Merchant's QR Code:

- While at the checkout counter, locate and scan the Merchant QR Code, which should be prominently displayed. Reference the sample image provided if you are unsure of its appearance.
- If the code is not immediately visible, kindly inquire with the store clerk about its location.

2. Input Transaction Amount:

- After scanning the code, an app will open allowing you to enter the total amount spent at that specific merchant location.

3. Clerk Authorization:

- Hand over your device to the clerk who will then input their PIN to authorize and validate the transaction.

And you're done!

Receiving Your Cashback: Upon completion, you'll instantly notice your cashback credited to your Clubshop fe-Commerce account. Simultaneously, commissions are generated for others within your TNT FREE Global Market, fostering a spirit of shared benefits and community earnings.

Registering offline purchases is not only easy and profitable but also promotes a sense of solidarity among Clubshop members. Get ready to enjoy and share the rewards of local shopping with Clubshop fe-Commerce!
