Ultra-condensed Compensation Plan

VIP

HOW MUCH CAN YOU EARN WITH THE VIP GPS INCENTIVE PLAN?

All you need to do is select and sponsor just 6 VIPs (Vested Income Partners) and assist them in becoming independent as soon as possible.

Next, you'll see how your monthly leadership income can systematically grow through the combined power of GPS and our exciting and exclusive incentive plan.

You will quickly notice that the number of people involved in your VIP organization is remarkably low compared to the high monthly earnings.

No other compensation plan in the industry can match these opportunities.

If you are aware of a better plan, we invite you to share it with us.

Each month, you will receive the higher of the two incomes generated from the following income sources:

- **a) Direct Monthly Commissions:** You earn \$25 per month for each VIP GPS subscription you personally sell.
- **b) Leadership Monthly Income:** Refer to the table below to see the guaranteed monthly income based on your achievements.
